

SIGNATURE GLASS TINTING

100% CUSTOMER SATISFACTION - WARRANTY - GUARANTEE - PROGRAM

100% CUSTOMER SATISFACTION

Signature Glass Tinting is dedicated to customer service. If ever there is a problem with a particular film and/or an installation, our policy is to simply DO THE RIGHT THING! No matter what the situation, what type of film it is or what kind of problem develops, we will work with our customers and suppliers and make things right.

LIFETIME MANUFACTURERS WARRANTY

Signature Glass Tinting is proud to offer and install both LLumar & Wincos automotive window films. After almost 30 years in this business we believe that the quality of both products is the best in the business. The chances of either window film actually failing is very low, However, for the record, both products are protected by a lifetime manufacturer warranty and you will have a copy of this warranty at the time of check out from Signature Glass Tinting.

NO CHARGE - NO FAULT GUARANTEE

As of today we are the only shop in the State of California that offers our very own NO CHARGE, NO FAULT GUARANTEE. Not only will we fix your window film if the film itself fails as outlined by the manufacturer, but we will also fix your window film if it is ever accidentally damaged, scratched, vandalized, and even if the window film is damaged because the window itself is broken.

"Limitations and the Fine Print"

There are a few exceptions and like any guarantee there is a small amount of fine print. The purpose of this guarantee is simple. We want to take care of our customers. Most tint shops charge between \$45.00 and \$90.00/per window to remove and replace scratched or damaged window film. Some windows, because of defroster lines, radio antennas and other electronics can be easily damaged during the removal process creating a financial liability. Therefore our warranty does not cover front windscreens and/or windows with electronic attachments. Please keep in mind that each situation is unique and each situation is handled individually. For more information about our NO CHARGE, NO FAULT GUARANTEE please contact a friendly SGT staff member.

"SGTRP"

The Signature Glass Tinting Replacement Program is not a warranty but a replacement program. We offer this to our customers and it must be purchased at the time of the installation. The SGTRP is a no-questions-asked removal and replacement offer that can be used as many times as needed for as long as you own your vehicle. The SGTRP covers the two front doors and allows you to change the color of your film and/or allows you to remove your film and then replace your film on the two front driver and passenger door windows glass at no additional charge. The SGTRP does not cover any other windows in or on your vehicle and proof of purchase is required each and every time you would like to take advantage of the SGTRP.
